Micro-teaching and integrated Lesson planning Academic Year-2021-22

Sadguru Education Society's College of Education planned the micro-teaching and integrated lesson plan. As per the time-table from 13/03/2022 to 29/04/2022. The Introduction skill was taken by Dr. Anita Jave. She delivered the lecture on Information about Introduction skill and Demo lesson plan as per the Introduction skill. Also she checked the lesson plans.

The Explanation Skill was taken by Dr. Pratibha Patil She delivered the lecture on the Explanation skill and took the demo lesson plan according to Explanation skill. And Checked the lesson plans on this skill.

The next skill was taken by Dr. Anita Wankhede She delivered the lecture on the Questionnaire Skill. Also she gave the information about the Questionnaire skill and took the lesson plan. She also checked the lesson plans of students. The skill of Stimulus in change was taken by Prof. Ajay Sapkale. He gave the lecture on the skill and information about how to prepare the lesson plan and took the demo lesson plan.

The Next Skill of Blackboard writing was taken Prof. Urmila Khadke. She gave the detailed information about the Blackboard Writing skill. Also she gave the demo of the lesson plan on Black board writing skill. And checked the lesson plans. After completion of the skills Dr. Rajesh Gayakwad gave the information about the integrated lesson plan. Also he gave a demo lesson plan. Then checked the lesson plans and completed the micro-teaching in time.

पाठ्यक्रम	पाठ्यपुस्तक	शिक्षक कृती	विद्यार्थी कृती
	Previous Knowledge.	Good morning dear students. From childhood we see different shapes such as Rectangle, Triangle, Square, Circle, semicircle etc.	students listen carefully.
		There are such a many different shapes around us and we see daily this shapes. correct.	
		In Geometry shape is defined as the figure closed by the boundary.	students listen.
		Q- Now tell me some names of geometrical figures.	Triangle, square, rectangle etc
		Q- What is the definition of square.	The shape that has four straight sides of the same length.
		In the previous lecture you have learn about perimeter of rectangle and perimeter of square Right.	Students listen carefully.

पाठ्यक्रम	पाठ्यपुस्तक	शिक्षक कृती	विद्यार्थी कृती
		So if I want to calculate the area of a geometrical figure, how can I draw it?	No response.
	First statement:	So dear students today we are going to learn about "Area of square and area of rectangle".	Students listen carefully.
		We are studying the area of geometrical figure with the help of formula. Now first we see the definition of area.	
	Definition of Area :-	<p style="text-align: center;">perimeter</p>  <p style="text-align: center;">perimeter</p>	
		"The space occupied by a flat shape or the surface of an object is called as area"	Students write the definition of area.
		Area measure the space inside a shape.	
		Now first we see Area of rectangle	

पाठ्यक्रम	पाठ्यपुस्तक	शिक्षक कृती	विद्यार्थी कृती
	Area of a rectangle.	[The teacher writes the formula for the area of a rectangle on black board] 	
	Formula:-	Area of a rectangle = Length × breadth	Students write
		To calculate the area of a rectangle we should multiply the length by the breadth.	Students observe carefully
		So let us now give an example to show you how to find the area of a rectangle.	
	Example :		
	Ques:-	In the rectangle ABCD, length of rectangle is 20 cm and width is 15 cm. what is the area of a rectangle ?	Students write example.
	Ans:-	length of rectangle = 20 cm breadth of rectangle = 15 cm	

पाठ्यक्रम	पाठ्यपुस्तक	शिक्षक कृती	विद्यार्थी कृती
		Area of a rectangle = Length \times breadth	students
		= 20 \times 15	understand
		= 300 sq.cm	example &
		Therefore the area of rectangle is 300 sq.cm.	write.
		So dear students in this way we can calculate the area of rectangle.	
			[Students solve
	practice \Rightarrow	what is the area of a rectangle of length 3 cm & breadth 5 cm	question]
			Area of rectangle = L \times B
			= 3 \times 5
		correct answer	= 15 sq.cm
		Now we teach second point i.e.	
	Area of square	In the same way we can find area of square with the help of formula for the area of square [The teacher write formula on B.B]	
		Area of a square = length of a side \times length of a side	students write formula.
		\therefore we can also write	in notebook
		Area of a square = (side) ²	

पाठ्यक्रम	पाठ्यपुस्तक	शिक्षक कृती	विद्यार्थी कृती
		Now we solve example	
	Example:- Que-		
		In this square MNRS length of a side is 5 cm. Find area of a square.	Students write example
	<u>Answer</u>	$\begin{aligned} \text{Area of a square} &= \text{side} \times \text{side} \\ &= 5 \times 5 \\ &= 25 \text{ sq. cm} \end{aligned}$ <p>Therefore area of a square is 25 sq. cm</p>	Students observe carefully.
	Last statement	so Dear students in this way today we have learnt area of a rectangle and area of a square, with the help of formulas.	
	Practice:- Que-	What will be the area of a square with side 15 cm?	Students come & solve ex. on p. 8
		correct answer	Answer:- area of a square = $\text{side} \times \text{side}$ $= 15 \times 15$ $= 225 \text{ sq. cm}$

प्राठंग	प्राठभुदे	शरक कृती	वरधारी कृती
	Q-	what is the formula of area of rectangles	Area of a rectangle - length \times breadth
	Q-	what is the definition of area?	\rightarrow The space occupied by a flat shape or an object.
	Product :-	The teacher call a student to the front one by one and ask him to write a formula for the rectangle of area and area of a square on the black board.	students write formulas on the board.
	Que-	length of the side of square is 6 cm find its area.	Students come & solve \rightarrow example on the black board Area of a square = side \times side = 6×6 = 36 sq. cm
	Homework:		
	Q-1)	what is the area of rectangle of length is 10 cm & width 8 cm?	
	Q-2)	The length of side of each square is given. Find its area. i) 12 meters ii) 9 meters

	Previous Knowledge	Dear students suppose there is a shop nearby and distance to that shop to from your home is up to 1 km away and you want to bring some items from the shops. Then How are you going? Okay...	Students listen by scooter or by cycle.
		Suppose, on the first day you walked into this shop and on second day you ride your bicycle and go to the shop and on third day you take an automobile like scooter, car or vehicle while doing this always take your bag with you. Use the same route for all three journeys. Now tell me the time taken for each journey on each of the three days.	Students listen carefully
	Q-1)	Which journey took the longest time & which took the shortest time?	while walking it took a long time & while using automobile it took the shortest time.
	Q-2)	In which journey did

		you have to carry your own things ?	while walking
	Q-3)	In which journey did you have to used fuel. so you move one place to another using these three ways.	when using an automobile.
	a-	so what is it called to move ^{from} one place to another?	No response
	First Statement :	So in this lecture we are going to study about transport. Advantages & disadvantages of transport. [The teacher write point on black board] So first we see what is transport ?	
	Defination OF transport :-	" The action of carrying or taking peoples from one place to another place".	students write
		From your answers we will see that walking takes the most time & you have to put in labour to carry your own things and using a vehicle save time & effort you must have also realized that we need to use fuels in automobile.	

पाठ्यक्रम	पाठ्यपुस्तक	शिक्षक कृती	विद्यार्थी कृती
		Our environment is very sensitive. That's why, pollution has destructive effects on it. These effects are harmful for all living things.	
	Q-	So tell me what causes the use of fuel? Right. This This causes air and noise pollution. It means that diff. modes of transport have different advantages and disadvantages. [The teacher write sub-point on B-B]	Pollution
	Advantages of transport	Transport have many advantages	Students listen and understand carefully.
		1) work gets done sooner.	
		2) different parts of the world are now connected due to transport facilities.	
		3) Due to the transport system as so many things are easily available.	
			

पाठानुसार	पाठ्यपुस्तक	शिक्षक कृती	विद्यार्थी कृती
		Observe the above fig.	
		Q- where have the children stopped ?	On Road.
		Q- why have they stopped there ?	Because of the traffic.
		From this picture you must have realized that there is constant traffic on busy road.	
		Due to the burning of fuel in the vehicles they constantly emit smoke & poisonous gas into air. These gases mainly include CO ₂ , Nitrogen dioxide, sulphur dioxide.	Students listen
		Due to this gases reduce the air level in the environment & cause air pollution.	
		Air pollution effect animals & plants.	
		There are many disadvantages	
	Disadvantages of transport :-	[The teacher write sub-point on B.B]	
		1) Lung and eye disorders e.g. burning of eyes	Students write
		2) The leaves & plants shrivel up and fall.	
		3) The growth and development of plants is affected adversely.	
		4) const. traffic through	

पाठांग	पाठ्यमुद्दे	शिक्षक कृती	विद्यार्थी कृती
		Forest areas can harm the habitat of plants & animals living there.	
		5) The most sound of vehicle create noise pollution. It cause ill effects like headache, irritability etc.	
		These are the disadvantages of transport.	
		To avoiding this pollution due to the transport use fuel that that cause less pollution. Use public transport as far as possible.	students listen carefully
		Planting more trees like Peepul, Banyan, Neem etc and caring for them.	
	Practice:-	I would like to ask some questions give me a answer.	
	Q-1)	What is transport?	→ The action of carrying or taking people from one place to another.
	Q-2)	What pollution is caused by transport?	→ Air Pollution

सद्गुरु शिक्षणशास्त्र

महाविद्यालयात डिजिटल कार्यशाळा

तभा वृत्तसेवा

जळगाव, ११ जून

सद्गुरु शिक्षण शास्त्र महाविद्यालयातर्फे शिक्षणातील डिजिटल उपक्रमावर मार्गदर्शन कार्यशाळा नुकतीच पार पडली. कार्यशाळा ही ऑनलाईन गुगल मीटद्वारे घेण्यात आली. कार्यशाळेचे उद्घाटन डॉ.नारायण खडके यांच्या हस्ते करण्यात आले.

कार्यशाळेचे प्रमुख वक्त्या प्रभारी प्राचार्य डॉ.अनिता वानखेडे या होत्या. त्यांनी विद्यार्थ्यांना शिक्षणातील डिजिटल उपक्रमाबद्दल सविस्तर माहिती दिली. शिक्षण घेत असताना आपण शासकीय दुरुस्त किंवा बहिस्थ शिक्षण घेण्यासाठी काही पोर्टलची निर्मिती केलेली आहे. त्याद्वारे आपण अध्ययन आणि अध्यापन करून आपल्या ज्ञानात भर घालू शकतो, असे मार्गदर्शन यावेळी त्यांनी विद्यार्थ्यांना केले.

या कार्यशाळेत त्यांनी पोर्टलसंदर्भात माहिती दिली. सूत्रसंचालन प्रा.डॉ. राजेश गायकवाड यांनी केले. आभार प्रा.संदीप तायडे यांनी मानले. कार्यक्रम यशस्वीतेसाठी महाविद्यालयातील डॉ.प्रतिभा पाटील, डॉ. अनिता जावे, डॉ.गीता तीर्थकर, प्रा.संदीप तायडे, प्रा. उर्मिला खडके, वैशाली बोंडे, ग्रंथपाल पंकज वाघ, अरविंद पवार, चंद्रकांत सपकाळे आणि प्रथम द्वितीय वर्षाचे विद्यार्थी, शिक्षक यांचे सहकार्य लाभले.
